COMMENTS ON PROPOSED FOR RULE MAKING

Pursuant to Section 1.415 of the Rules, these Comments are filed in support of the of the Notice of Proposed Rule Making, MB Docket No. 16-362, RM-11776, submitted by Roy E. Henderson ("Petitioner").

1. Petitioner reiterates his continuing interest in this Rule Making proceeding as its adoption will allow for the enhancement service of the Petitioner's Radio Station KNUZ-FM, San Saba, Texas ("KNUZ"). As previously shown in the Petition for Rule Making ("Petition"), approval of this Petition will result in a significant gain in potential listeners.

2. Specifically, if the Petition is adopted, this will allow KNUZ to relocate to a taller tower and have a greater power (as a Class A). The licensed KNUZ service area will go from 592 SQ KM of land area to 2,514 SQ KM of land area. This is an increase of 325 percent. The population served by KNUZ on Channel 224 from the allocation reference site will increase from 4,192 persons to 5,733 persons. This represents a population increase of 36.7 percent.

Accordingly, for the reasons set forth in the Petition and in these instant Comments, Petitioner respectfully urges the Commission to adopt the changes proposed in the Petition, as it is *clearly* in the public interest.

Respectfully submitted,

ROY E. HENDERSON
